

Career Development Workshop

How to use algorithms so the job finds me?

Customize your resume

It will increase the chances that your resume matches the specific requirements of the job posting.

Update LinkedIn profile

This will help algorithms identify you as an active job seeker who is a good match for available positions.

Networking

This will increase your chances of being noticed by potential employers.

Come join an agile interactive workshop with the skill job searching strategy demonstrated live by Tina Persson and You will also be introduced to the future AI world!

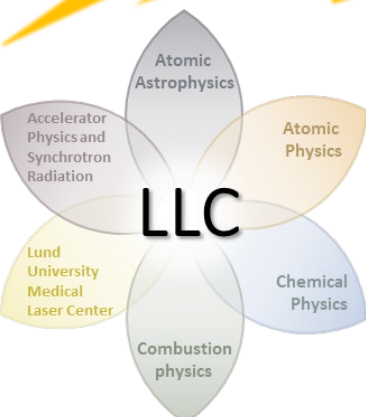

Tina Persson, who spent nearly two decades in academia and eight years as an industry recruiter and talent sourcer. She knows firsthand how hard it can be to transition from one to the other and what you need to do it successfully.
